

List of reference symbols

- 1 transceiver
- 2 transmitter
- 3 receiver
- 4 D/A converter
- 5 line amplifier, line driver
- 6 A/D converter
- 7 line connection, hybrid stage
- 8 line transformer
- 9 connection line of subscriber
- 10 inductance in connection line
- 11 frequency response measurement
- 12 function generator
- 13 matrix multiplication device
- 14 comparator device
- 15 differential stage
